Yılmaz Sönmez

Computer Engineering Student - Java
Hatay, Türkiye

Summary

Motivated Computer Engineering student at Bandırma Onyedi Eylül
University with strong proficiency in Java for desktop and server-side
applications. Open to innovation and passionate about research
and continuous learning. Experienced in C++, Rust, Python, Kotlin,
HTML, and exploring embedded systems and Linux. Skilled at
problem-solving and debugging, using artificial intelligence as a tool
while relying on independent research to deliver robust solutions.
Dedicated to pushing boundaries, acquiring new skills, and adapting
to diverse technologies to build versatile, future-ready systems.

Experience

Sirius Shopping Centre
Field Service
June 2025 - August 2025 (3 months)
Manavgat, Antalya, Türkiye

I worked as a field staff member in a shopping center primarily focused on
clothing. For 8 hours each day, I was responsible for preparing the store, and
for 4 hours I assisted customers. The role lasted for 2 months.

Masqot AI Platform
Business Development Specialist
February 2025 - July 2025 (6 months)

We sent proposals to companies and organized meetings. As a team, we also
arranged events.

BANU Computer Engineering Community
Sponsorship Team Member
October 2024 - May 2025 (8 months)
Bandırma, Balıkesir, Türkiye

I served as a member of the Sponsorship Team in the BANU Computer
Engineering Community. At times I established sponsor connections via email,
and at other times through face-to-face meetings.
